

Event of Bada Business with Dr. Vivek Bindra

Always a pleasure to have a session on any event of **Bada Business with Dr. Vivek Bindra**

This time we decided to have a Long Question and Answer Session.

There were endless questions from the participants and I enjoyed answering all of them on the stage and off the stage.

The key issues being faced by the entrepreneurs were as follows:

01. Lack of awareness about the schemes launched by the Government and other Stakeholders,
02. Availability of loans based on their Balance Sheet,
03. Cash Flow based loans,
04. Delayed Payments issues from the buyers,
05. Startup Funding,
06. IPO by SMEs.

I tried to answer all the questions with the available time.
